**CAMBRIDGE HARVEST OF SAVINGS CARTON
PROMOTION (PERIOD 7) ELEMENTS MEMO****OVERVIEW**

Beginning in October, Cambridge will be executing the Harvest of Savings carton promotion. The promotion will offer consumers an instant redeemable \$5 on-carton coupon, plus a booklet of three "holiday-related" certificate offers delivered free with Cambridge pack UPCs. The promotion will be nationally distributed throughout carton outlets, primarily supermarkets.

RATIONALE

The Cambridge Harvest of Savings promotion has been designed to appeal to the price value smokers' interest in "value" versus on-pack incentives items. The certificate offers reflect significant monetary savings off of items/services that are typically used more frequently during the holiday season. In addition, the on-carton savings subsidizes approximately 30% of the average retail carton price.

OBJECTIVES/STRATEGIES

The primary objective of this promotion is to broaden the brand's consumer franchise by offering a combination of value and value-added. In addition, the program has been designed to encourage the consumer to re-visit the retailer for additional purchases, consequently encouraging increased retail support/ penetration.

These objectives will be accomplished by offering a high-value (\$5.00) on-carton coupon (note that currently Doral's average carton coupon value is at \$4.28, as well as the following certificates delivered free with Cambridge pack UPCs:

- 1) A \$10 certificate good towards any local or long distance phone service. The consumer simply places the certificate in with their phone bill and receives a \$10 savings. Available for 50 pack UPCs.

- 2) A \$10 certificate good towards the purchase of a "holiday type" meat item such as a turkey or ham. The certificate will be redeemed at the local retailer as any other coupon. Available for 50 pack UPCs.
- 3) A \$6 certificate good towards film developing (any type of film or exposure) to be redeemed as any other store coupon. Available for 30 pack UPCs.

Note that on the holiday meat item and film processing certificate order forms the consumers will have the option of providing their retailer's store name which will be lasered onto the certificate. This will encourage the consumer to re-visit that store and likely make additional purchases.
